## L. G. City Council Candidates Due At Public Meet Tuesday

All candidates for council of the proposed City of Lemon Grove are expected to be on hand for the first meeting for voters Tuesday at the Lemon Grove Junior High School auditorium.

The meeting, sponsored by the League of Women Voters of Grossmont - Cajon Valley, will start at 7:30 p.m.

The League will supply can-

didate sheets to give background on each of the fifteen candidates.

An election is scheduled for October 13 at which time the issue of incorporation will be voted on.

Five of the candidate whose names appear on the ballot will be named the City Council.

In two other instances the Council was elected but the city issue failed. The Council, therefore, had no City to govern.

If the City issue passes, the City of Lemon Grove would become a reality about Nov. 1. The County would continue to provide all services until July 1, 1965. The City would obtain, and keep, all taxes from the date of incorporation.

It is estimated that these would amount to more than \$300,000 a year. The money would come from taxes now being levied. Spokesmen for the council - candidate group said that no City taxes would be levied unless a higher degree of services made it mandatory. The demand for services would come from local residents.

Expected to appear at the night meeting are: C. Forrest

Baxter, Kenneth J. Conrad, Mrs. Blanche P. Davis, Clifford Elkins, Dr. Frank Gigliotti, B. Charles Hesser, Jessie E. Lee, Marion L. Morgan, Kenneth P. Ostrander, William J. Owens, R. Paul Reynolds, Parker B. Shumate, William R. Ross, and Robert G. Vaught.

### Lower Than Average

Small area and high population will result in a cost of operation lower than the average for other incorporated cities, candidates for the Lemon Grove City Council decided earlier this week.

The area will be slightly under four square miles. Population will be about 25,000, they agreed.

As a result there would be a

minimum return of gasoline tax

that would be earmarked for

road and street maintenance.

The group also pointed out

that the small area would also

permit a smaller number of

police officers to preserve law

and order. Members of the

group have already indicated

that police service would be by

contract with the County of San

Diego.

## Mrs. JFK For Ambassador

Washington sources revealed last week that President Johnson became incensed by a report that Mrs. John F. Kennedy was going to be appointed United States' Ambassador to France.

Normally, it is said, a White House spokesman handles such reports by brushing it off with a simple denial such as "we don't know anything about it".

But for LBJ to get so excited that he snapped right back with an angry denial leads us into considering a pair of interesting possibilities.

Let's look at the announcement in the same light as the President's rejecting Bobby Kennedy just before the Democratic Convention. The President eliminated all Cabinet members in one fell swoop. With the rejection of Cabinet members the dead President's brother was eliminated from the running.

It was common gossip at the time that when Johnson was vice president that he saw no advancement for himself so long as there were Kennedys about — and that a whole chain of them were being groomed to fill the Presidency and the Nation's highest offices.

We suspect that now he hopes to keep the Kennedys out of the spotlight for the next four years so that he may have a better chance of succeeding himself.

In this light it makes sense to believe that fear and anger were among the vibrations that emanated from Washington when the State Department made a clear and succinct denial of Jackie Kennedy's appointment.

On the other hand, if it were true that she is going to get the post (and often the White House leaks such reports — then denies it, to see which way the cookie crumbles) it would lead us to believe Charles de Gaulle has more going for him than we know about.

Is he about to announce a startling development in atomic weaponry?

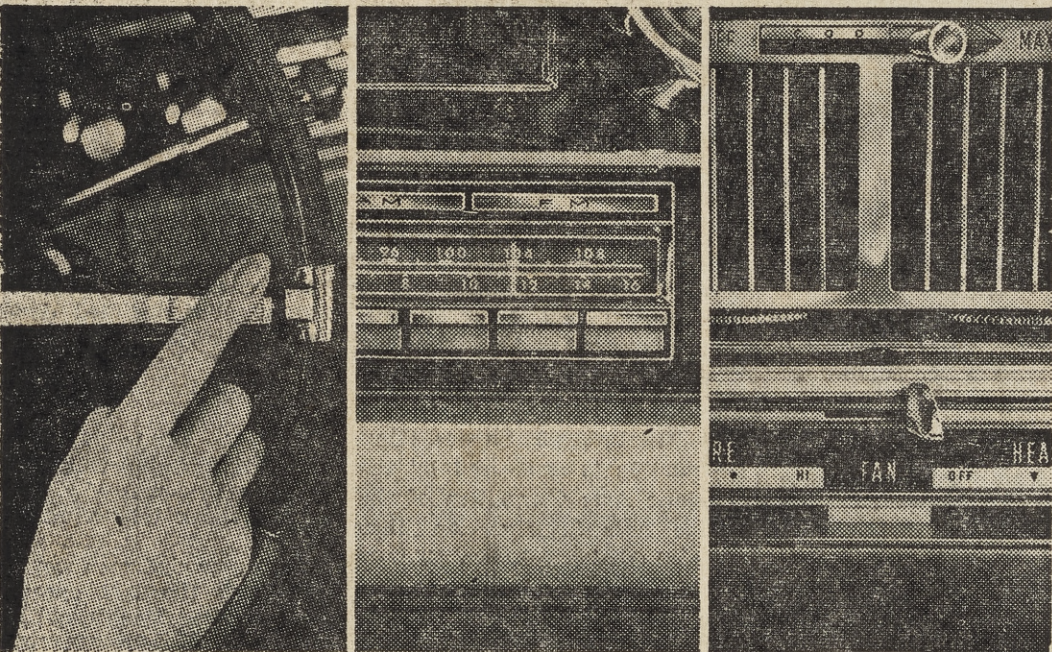

Is he about to tie his country irrevocably to Communist Russia?

All we know is that reports like these do not rouse Presidential ire unless the bite is deep and true.

Maybe Mrs. Kennedy will give us a clue when her period of mourning is over in November. Maybe DeGaulle will tell us even sooner.

Regardless of what the action and reaction is, we think President Johnson could make a bigger mistake than making Mrs. Kennedy an Ambassador. She has more grace and charm than any government representative we know.

And what's more, she's got sense. Only a few of our leaders can make that claim.

## THREE BOARD MEMBERS OUSTED IN SV SCHOOL DIST. ELECTION

Unofficial returns on the re-cal election in the La Mesa-Spring Valley School District Tuesday indicated that the "Parents for Prayer" had scored a victory in an attempt to unseat three board members. The semi-official figures were: Robert Andreen, "yes" 8942, "no" 8393; Mrs. Margaret Burnett, "yes" 8953, "no" 8313; and William Johnston, "yes" 8905, "no" 8331.

Four candidates were on the ballot to replace the three board members if they were recalled. Three of them were backed by "Parents for Prayer" and received the majority of votes. They are Dr. William McCandless M.D., 9121; Rev. Lewis Ginn, 8718; Mrs. Geraldine Gill, 7586; the candidate not backed by "Parents for Prayer," Glenn Munyan, received 1549 votes.

A spokesman for the county

registrars of voters said there were 35,000 registered voters in the school district, and that about 60 per cent turned out to vote in Tuesday's election. It was probably the largest vote cast in any local school district election, the spokesman said.

Tuesday's election was the result of a February board meeting of the La Mesa-Spring Valley School District, at which board members Andreen, Burnett and Johnston voted to dis-

penze with teacher-led prayers in the schools, claiming they were advised by county council.

The other two board members, president Mrs. Anna Dewey and member Dr. Cyril Padfield, voted "no."

It was the result of this that a group called "Parents for Prayer" was formed, and began circulating petitions for the recall of the three "yes" voting members. A second group was formed, opposing the recall and also circulated petitions.

The votes will have to be certified within the next seven days. The new board members should take office by the Oct. 12 meeting.

The operational heart of the Lemon Grove Center store is the bonded prescription department. More than 4,000,000 prescriptions are filled by pharmacists in the Thrifty chain each year.

One of the key departments of the new Thrifty Drug Store is the well-stocked sports department.

A gardening department and hardware department are included.

Manager Edwards, commenting on the grand opening stated, "I'm very proud of the new Lemon Grove Thrifty Drug Store and I want to invite everyone to come in and ask for me personally so I can show them around the store."

Edwards has been with the Thrifty organization since March, 1961, when he was employed as a stock clerk in Torrance. Since then he has been at Thrifty units in Wilmington, San Pedro and Los Angeles.

Edwards has been a manager since November, 1963.

He served with the U.S. Air Force as a test pilot and is a graduate of Brigham Young University. He is married and has five children.

The remainder of the Lemon Grove management team is comprised of Jerry E. Hill, assistant manager, and James R. Hickey, second assistant manager.

Hill's career with Thrifty began in June, 1961, and he has received his training at stores throughout the San Diego area. He is married, has one child and is a graduate of California Baptist College in Riverside.

Hickey's career began in August, 1963, at the Oceanside store. He has also trained at the El Cajon store prior to his present assignment.

**WE DON'T KNOW THE SCORE** — baseball that is. We are experts on telephone listings if they are published.

We do hear that we are poor spellers especially when we ask you how to spell BROWN. It could be spelled BROWN OR BROWNE. There are 35 BROWNES in your telephone directory. Take another easy one like NEAL, could be NEALE, NEIL or NEILL. This can be confusing so we do our best.

Mrs. Leona Brentz pictured above is one of our experts. She is an Information Supervisor in our La Mesa office. She has 19 years with Pacific Telephone in the San Diego area and has three daughters and six grand children. Two of her sons-in-law work for the Bell System, one in San Diego and the other at the Bell Laboratory.

We are especially proud of Mrs. Brentz and her efforts to give you the best service possible. So if we ask you how to spell, please help us to help you.

Think up! More people are flying today than ever before. In fact, at any one moment there are as many as 20,000 commercial and military planes in the air over this country. If you travel by air, you've probably noticed the impressive role your telephone plays in travel planning. You usually call up for reservations and flight information first off. Then, you reconfirm or check departure and arrival times by phone, right? But the telephone's importance to flying doesn't stop there—no siree!

A 350,000 mile Bell System network of telephone and teletypewriter lines—one of the world's fastest communications systems—links together the major air traffic control centers, radar stations, airport towers, weather bureaus, airlines, and military bases throughout the USA to help assure your comfort and safety while flying.

Sweetpeas planted now should be in prime in the milder climate areas during the later part of winter.

The planting process and care however, is the same in all places. The planting furrow should be deep enough to give the roots a good exploration area. Try digging a trench six inches deep, then add about an inch of steer manure and cover with another inch of soil. Plant the seeds on this layer of soil and cover over. Leave some space on the surface so that you can add more soil as the plants grow. Many times this will prevent fungus from becoming established and rotting the stems before good strong growth is started.

Never use saw dust in place of steer manure if your soil is sandy or loamy. This is always an invitation for wire worms to hollow out and destroy the tender centers of the Sweetpea plants. Much of this destruction can be prevented by first treating the soil with an ether-copper liquid when used as directed on the label.

## Brian Shepard Is Part Of Award Winning Unit

ALAMEDA, CALIF. — Brian H. Shepard, son of Mr. and Mrs. Hugh A. Shepard of 7363 Mt. Vernon st., Lemon Grove, is a member of the Coast Guard marching unit, based on Government Island, Alameda, that recently won eight awards as one of the top attractions at the Seattle Seafair.

The Coast Guard contingent was recognized as the best marching unit of the Seafair after it took six first place awards, a second and third in nine parades and was judged among the three outstanding entries in the week-long event. It was the Alameda unit's third trip to Seattle for one of the Pacific Northwest's largest annual festivals.

The marching unit, composed of a band, drill team and color guard, is a unique military ceremonial unit. Unlike similar military units made up of rated musicians and seasoned servicemen, the Alameda Band and Honor Guard members are almost all recruit trainees and some seamen with only a few months in the Coast Guard. As members complete recruit training each week there is a constant turnover in personnel.

**'TAINT FUNNY MC GEE** — Signatures on forged checks frequently exhibit a wry sense of humor, as these facsimiles of checks actually intercepted by the state bureau of criminal identification and investigation indicate, but not so funny are bad check losses which run as high as \$25 million annually in California, according to law enforcement estimates. Checks above signed (from top): Faithful O'Krooke, Hope Youbeentook, and Happy O. Jones were all accepted by careless individuals or store personnel.

## Bogus Check Clinic Set For Tuesday

Bank of America's war on bogus check artists continues into its second year as its task force, called the Merchants Loss Prevention Clinic, goes into action at the bank's Sweetwater-Jamacha branch on Monday Sept. 28.

The clinic will be held at 7:30 p.m., according to a communiqué issued this week by manager Donald D. Erickson.

The clinic's main objective is to hold the line against the "paper bandits" who bilk California merchants out of an estimated \$25 million each year.

Erickson said the battle line will be drawn here at the cash register counters in Spring Valley stores.

Main feature of the clinic, which will be presented before an audience of local merchants is an 18-minute soundslide color film titled "They Shall Not Pass." The film shows how bad check and cash losses occur and the defenses merchants can set up to protect themselves.

The film points up the fact that any identification, printed checks, etc. used by legitimate check writers can be and are employed by professional crooks.

Some bad check operators don't go that far. Checks have been cashed on such unlikely institutions as "The East Bank of the Mississippi River" by people who signed their names "Hope Youbeentook" or "Faithful O'Krooke."

Although it deals with bad checks, the clinic also features an 8-minute soundslide film on the proper methods of handling cash. The film shows many of the techniques used by short

## El Cajon Hospital Expansion Under Way

Expansion of El Cajon Valley Hospital to three times its present size is now under way at 1688 E. Main st., El Cajon.

The \$766,550 expansion of the hospital is the third phase of construction of a 10-acre medical complex, master-planned to provide all-inclusive care from a single health center. Previous construction includes the original hospital building and a 14-suite medical office building. A convalescent hospital, to be built at a later date, will complete the complex.

The hospital expansion is being planned by the Los Angeles firm of Rochlin and Baran A.I.A. and Associates, designers of the El Cajon Medical Office Building. Builder of the structure will be the Ries Construction Company of San Diego.

The 41,000 square-foot addition, to be made at the rear and sides of the present structure, will increase the hospital's present 44 beds to a total of 180. Two large wings of custom-designed rooms on the south of the building will contain the majority of the new beds.

change artists. Also included are exhibits of good and bad checks and samples of counterfeit money.

Members of local law enforcement agencies will also be invited to participate in the clinic as special guests, Erickson said.

Following Monday's showing in Spring Valley, the clinic will move to the North Park branch of Bank of America Tuesday night Sept. 29. Two mobile units are touring California as Bank of America presses its offensive against bad check passers in the state.

## Careers Offered By Highway Patrol

The commander of the California Highway Patrol in the San Diego area has issued a call to local young men who are interested in a career in traffic law enforcement to file an application to take the civil service examination for state traffic officer.

The examination will be held on Nov. 7, and applications to participate must be filed with the State Personnel Board by Oct. 9 said Captain Roland Gautsche.

"The patrol is looking for serious-minded young men with an aptitude for law enforcement work," Gautsche said. "They must be able to pass a written examination that tests among other things, their ability to learn rules and regulations, to follow directions, and to think clearly and logically. Then they must pass physical and medical tests and a personal interview before they are placed on the eligible list," he said.

# Opponent Misinformed Claims Supervisor Bird

David W. Bird, incumbent County supervisor from the Second District, says that his opponent Henry Boney should fire his high-paid advisors because they are giving their boss incomplete advice.

Bird spoke at the Community Hall in Spring Valley and at the Vista Square School in Chula Vista last Thursday.

Bird said, "My opponent is crying that the county budget is getting larger. Well, it is."

## Free Dinner—Dance For Bird

A luau and dance "Rally for Dave Bird" will be held Sept. 30, in the Bronze Room in La Mesa.

Ralph Chapman, campaign manager for incumbent County Supervisor David W. Bird made the announcement this week.

A free buffet dinner will be served beginning at 5 p.m. Continuous dance music will be provided.

"This is an opportunity for all the people who are working so hard to re-elect Dave Bird to relax and rally for the coming month of intensive campaign action," said Chapman.

"Also," he said, "there are

many people working for Dave who know him by his record but have not met him informally. This rally will give them that opportunity." Chapman said he expects 300 to 400 people to attend.

But my opponents' high-paid advisors put their boss in a terribly embarrassing situation by failing to tell him that the county tax rate is not going up.

"That makes my opponent look awfully misinformed. How can the county budget get larger while the county tax rate does not."

"It is no secret. My opponent doesn't have to buy advice," said Bird, "I'll tell him free of charge how this happens. The answer is that the County Board of Supervisors is accepting grants of state and federal money."

"San Diego County citizens pay more than their share of state and federal taxes," Bird said. "I feel that it is my duty to bring as much of that money as I can back into San Diego County."

"Now, the state and federal governments will not give the county this money unless the Board of Supervisors budgets to spend the money," explained Bird, "so we put it in the bud-

get to be spent. This makes our budget larger but keeps our county tax rate down."

Bird said that nobody in the unincorporated areas had ever called his office and demanded that state and federal money projects in the district not be accepted.

"The voting record of the other supervisors tells me the same thing is true in their districts. I can only conclude that the people of San Diego County are willing to accept state and federal funds to help finance some of our more expensive projects."

"It is true that some people want state and federal legislators to cut state and federal taxes. This would lower our budget, but if people continue to want the services required in a growing area, then the county tax rate will go up," Bird said.

"I will do what the voters in the Second District ask me to do, and that includes serving the next four years as their supervisor," he said.

Bird said that if the people wanted him to vote against accepting state and federal money, he will. "However," Bird concluded, "the voting record of the supervisors shows they won't go along with me. They know, as well as I do, that if San Diego doesn't accept the money, that county to the north will."

## PROGRESS IS THE WORD ON DICTIONARY HILL

Harry Baker, general manager of the La Mesa-Lemon Grove-Spring Valley Water District tax. And in 1913 Mr. Miller left the area, and as far as is known he has not been seen since.

Some time later Ralph Chapman, well known land owner and developer of this area, began acquiring about 90 per cent of the hill, but with many difficulties facing him, such as people moving away, some dying and many hours of searching out titles, it took him about ten years before showing results.

About four years ago the south half of Dictionary Hill was subdivided so that there were two districts: District 3 for sewers and District 4 for water. An election was held and the area voted in water and sewer bonds. Frank Berger, Spring Valley Fire Chief, said some time ago that Dictionary Hill is still the responsibility of the State Division of Forestry, but that as building progresses, applications will be filed with the Spring Valley Local Fire District.

Back in 1911 a Mr. Miller of Los Angeles and San Diego, publisher of encyclopedias, subdivided the hill into small lots. As a premium, he gave a lot, free, to anyone who would purchase a set of the encyclopedias. Some deeds to the property were sent all over the world. But at that time there was no road to the hill and there was no water available, and piles and piles of rocks everywhere.

As time went by many of the property owners let their taxes become delinquent. There was a San Diego County tax and

## 3 Local Men Vie In Bowling Meet

The three men will be among 10 local bowlers to garner a berth in the tournament of professional champions by having won elimination tournaments. Adsit rolled a 207 average in his 10 elimination games, Dietz a 218 average and Stalnaker a 213 average.

## SPRING VALLEY MAN SOUGHT AFTER ESCAPING FROM PRISON

Wallace C. Hakes, formerly of 8615 Lamar st., Spring Valley, is being sought by law enforcement officers throughout the nation as one of the convicts who escaped from Siskiyou County prison camp Sept. 17.

Hakes was arrested in Feb. 1958 near Otay Lake and charged with the knife-slaying of David Paul Jones, 40, of La Mesa. Jones' body was found in a ditch alongside Sweetwater rd. Hakes said that because he had lost a lot of sleep, he didn't know where the knife had been lost. There had been a quarrel between Hakes and Jones over Hake's wife Lou Ella. This had followed a fight in a local drive-in theatre.

At the preliminary trial, Hakes pleaded innocent by reason of insanity. However, on July 16, 1958, he was sentenced on second degree murder and received five years to life in prison.

Hakes, 46, is 5 feet 4, weighs 162 pounds, has brown hair (a crew cut), and brown eyes.

He formerly worked in airplane plants but could be classified as a laborer.

## Lemon Grove Horse Owner Fined \$110

A Lemon Grove couple was fined \$110 for mistreating two horses.

The couple, Mr. and Mrs. Lawrence Sozzoni, of 3115 Chateau Way, were found guilty of the charge Friday and were sentenced Monday in El Cajon Municipal Court by Judge W.J. Clark, Jr.

Sozzoni, a bond bailman, was charged by Mike Munger, a state humane officer, after neighbors reported the Sozzoni horses starving in a pasture near the Sozzoni home.

The charge was that the Sozzonis deprived the animals of food.

The Sozzonis were also ordered to dispose of the title to the horses; report to the state humane officer any domestic animal in their possession during the next three years; own no equines during that period, and pay \$110 fine.

Mrs. Sozzoni told this newspaper that one of the horses kicked the other and once weakened, ate the other's food. She said that she had personally cared for and treated the injured horse.

## Hydroplane Cup El Cajon Site Race May See Records Broken For Pierre

SAN DIEGO — With the first annual unlimited hydroplanes San Diego Cup Race set for October 1 to 4, all arrangements have been completed to handle the big boats. It was announced by Wally Vine, general chairman of the event. Vine is a member of Mission Bay Associates, race sponsors.

Seventeen unlimited hydroplanes, the largest racing boats in the world, including Miss Bardahl, currently leading the field for the 1964 championship, are currently scheduled to compete for the newly inaugurated San Diego Cup.

This race is the newest addition to American Power Boat Association's annual national race schedule. It will be the first appearance of the big unlimiteds in the San Diego area.

As the last race of the 1964 season, it is attracting nationwide interest. Spectators may expect an exciting, hardfought race in which the 1964 championship will be clinched. Old speed records may be broken and new ones set on the three-mile course, which lies in the northeast section of versatile Mission Bay. The bay is engineered so well that the race action of the unlimiteds will not conflict with speed boats, sail boats, skiers or swimmers in other sections of the bay.

Reserved seats and Skipper Pin sales are reported brisk at race headquarters, 2851 Quivira Court, Mission Bay.

**DOLLARS FOR DEMOCRATS DRIVE UNDERWAY**

Thirty-eight democratic clubs in San Diego County have a goal of \$16,000 to collect by Sept. 28 as the 1964 Dollars for Democrats drive kicked off Sept. 18.

Chairman of the drive, Esther Hawk, estimates that there will be 750 to 1,000 loyal democrats who will be knocking on doors for the next two weeks.

The goal of the drive is to collect many small donations from many people instead of large amounts from just a few. The drive will be a joint effort by the democratic clubs in San Diego County in cooperation with the County Central Committee, the official party organization.

Mrs. Hawks said that 15 per cent of the money will go to the local clubs to use for individual club projects. The rest will be divided among Democratic candidates on the state and national level.

**MRS. LEMMER NAMED CHAIRMAN**

Mrs. Margaret Lemmer, Lemon Grove elementary teacher, has been elected chairman of the Legislative Committee of the California Teachers Association (CTA), it was announced this week.

Dr. Arthur F. Corey, CTA state executive secretary, said the committee studies proposals for school legislation suggested by members, chapters, sections and state committees to develop CTA's total legislative program, subject to approval by the State Council.

**TRAFFIC JAM** — Lemon Grove driver, Jerry Hull, in Car 97 is caught in a big tangle with other racers at a Cajon Speedway event. The track will feature another program of modified sportsman car races Saturday starting at 8 p.m. Saturday night's card will call for the trophy dash. An added feature will be the selection of "Miss Cajon Speedway."

## SDG&E Joins Nine State Power Combine

SAN DIEGO — The largest regional electric power program ever proposed in the world was revealed this week by J. F. Sinnott, president of San Diego Gas and Electric Company in announcing the formation of a ten-utility association to develop power for the growing southwest.

The \$10.5 billion, 20 year program covering all or part of nine states in the southwest will be financed entirely by the investing public without federal tax money and will be undertaken by Western Energy Supply and Transmission Associates (known as "WEST") whose organization was officially announced in Albuquerque, N.M., this week.

WEST is presently composed of ten investor-owned utilities and probably will include five or more non-federal publicly-owned electric power suppliers operating in all or parts of California, Arizona, Nevada, Utah, Colorado, Texas, New Mexico, Wyoming and Idaho.

WEST members are:

- Arizona Public Service Company
- El Paso Electric Company
- Nevada Power Company
- Public Service Company of Colorado
- Public Service Company of New Mexico
- San Diego Gas and Electric Company
- Sierra Pacific Power Company
- Southern California Edison Company
- Tucson Gas and Electric Company
- Utah Power and Light Company

The plan calls for the joint construction and operation of super power plants ranging up to a million kilowatts strategically located in the southwest region for maximum flexibility and economy of operation. Sinnott revealed.

"With the continued growth of the San Diego area coupled with the even greater accelerated use of electricity, it is imperative that every energy source be explored to produce the greatest amounts of power at the lowest possible cost," said Sinnott.
